Prerequisites

- None

Course Description

The TOGAF 9.1 Level 1 Foundation course is a 2-day, interactive, classroom-based learning experience. The course covers the Foundation Level 1 curriculum and many examples of architecture deliverables and artifacts are provided throughout the course. The course enables participants to successfully complete the associated TOGAF Level 1 exam, known as TOGAF 9.1 Foundation. The certification provides validation that the candidate has gained knowledge of the terminology, structure, and basic concepts of TOGAF 9.1, and understands the core principles of Enterprise Architecture and TOGAF.

Duration

2 Days

About the Certification Exam

- Certification is only achieved by passing the examination
- The exam is in closed-book format, and includes 40 multiple-choice questions. The pass score is 55% (22 out of 40 questions). The exam lasts for 60 minutes and can be taken onsite (online) or through Prometric test centers.
